Travis Country Remembers Bonnie Grobar *Plans Unveiled for Memorial Spot at BV Pond*

A sea of red (Bonnie's favorite color) took over the Blue Valley Pavilion as residents joined family and friends to pay tribute to the life of TC volunteer, Bonnie Grobar. Over 100 attendees listened to stories and watched a presentation of Bonnie's life through photographs and verse. Former Board President, Russell Pinkston, spoke on behalf of the Association and officially announced the design plan for a permanent memorial to Bonnie at the BV Pond. Located on the southeast end toward Travis Country Circle, the plan calls for embedded stones and native landscaping to create a peaceful place for reflection and remembrance. Bonnie's family gathered before the service to plant a tree at the site.

Many thanks to Rachel O'Leary, urban planner and TC Grounds Committee member, and Kim Beal, landscape architect with Rainlily Design, for donating their time on the design and layout of the memorial. Thanks also to the many friends and family who are making this tribute possible. Thirty-seven residents have contributed to the memorial fund thus far for a total of \$2,475. If you would like to contribute, you can drop funds off at the TC office or call 892-2256.

As a tribute to Bonnie's years of service to the library community the UT School of Information announced they would create a student assistance fund in her name. Donations can be made by sending a check made out to UT Austin designating the funds go to the Bonnie Grobar Fund, UT School of Information Development Office C/O Luke Dunlap, 1 University Station D7000, Austin, Texas 78712-0390.

Old Eyesore Pavement to be Removed

By Janice Smith

If you drive by the Southwest Parkway side of the Travis Country Wildflower Preserve (TC's front acreage), you know that there is an ugly old bit of pavement leading nowhere. Driving the north side of the TC-owned acreage along Travis Country Circle you'll also see an old bit of pavement on that end. These eyesores will soon be removed.

After an almost two-year battle with developer Bill Walters III regarding enforcement of a restrictive covenant agreement between Walters and TCCSA on an unrelated parcel of land outside of TC, the Board and Mr. Walters have signed a settlement. Consistent with the terms of the settlement agreement, Mr. Walters will be removing the dilapidated old pavement and will be restoring most of the landscaping, curbing, etc. at both ends. He will also pay all legal expenses incurred as a result of negotiating this settlement.

The terms of the restrictive covenant were developed by a prior TC Board in the mid 90's. Steve Levatino, a member of that Board deserves a big thanks for supporting the current Board in their efforts to resolve this matter.

Two Email Alerts Sent in May

Two email alerts were sent in May to alert residents to suspicious or criminal activity. The first was sent on May 3 regarding two incidents. First a resident on Canyonwood witnessed a shabbily dressed man peering over his fence. The resident called 911 but officers were unable to find the suspect. Second, a resident on McDade noticed his garage door keypad cover up after distinctly remembering to put it down that morning. This was the second time in two weeks the resident had noticed this occurring.

After the first incident, police suspected the person was a transient living in the greenbelt. APD and the City's Park Police walked the greenbelt and cleared out at least one camp, issuing five citations to homeless living there. They returned two weeks later and the camps had not been reestablished.

The second email alert was sent May 22 to report two vehicle break-ins. The first involved a truck parked on Canyonwood. The owner reported that his truck was broken into the night of May 18 and his satellite radio system was stolen. A resident on Eagle Feather reported that his car was broken into on the night of May 19. In that case, the resident received a call at 3 am from his neighbor informing him of his car alarm going off. When he went out to investigate, his car door was open and there was a hole under the lock. The thieves may have been scared off by the alarm because nothing appeared to be taken. In both cases, the police were called to fingerprint the vehicles.

In other crime news, graffiti appeared on utility poles at the intersection of Foster Ranch Road and SW Parkway sometime between May 15 and 17.

The TC email alert system was established in 2006 and is used to notify residents of crimes and safety related situations in a more timely manner. If you signed up for the list and did not get the May 3 or May 22 emails or if you would like to be added to the list, contact tcalert@traviscountry.com or call the office at 892-2256.

Coyote Update

According to Randy Farrar, there were 10 calls made regarding coyotes in March, 4 in April and 1 so far in May. The April calls include one middle-of-the-night call to report coyotes attacking a cat on the 4000 block of Travis Country Circle. Mr. Farrar encourages residents to call 311 if they see coyotes so that they can collect information on their behavior.

Suspects in TC Home Break-ins to Appear in Court

The two suspects in the string of actual and attempted burglaries of homes in Travis Country this year are scheduled to appear in Court May 24. They are still in jail with \$95,000 bond each.

TC Residents Receive All-State Honors

By Hannah Neill

Two TC residents were named to the 5A All-State Swim Team. Alex Etz, sophomore-Austin High, and Wylie Escobedo, freshman-Austin High, were honored by this selection. For a swimmer to be named to this team, they must finish the season with one of the top 24 high school times in the state. Wylie was named to the 1st Team for a top 8 time in the 100 yard backstroke. She was also named to the Honorable Mentioned Team for finishing in the top 24 in the 100-yard freestyle. Alex received an Honorable Mention for finishing in the top 24 in the 100-yard backstroke. Both of these swimmers got their start with our own Travis Country Swim Team. Congratulations!

Congratulations to the Huibregtse's at 5633 Republic of Texas Blvd (at the corner of Travis Green Lane) for Yard of the Month! A corner lot has a vast area of landscape to be considered. This yard is one that shows a lot of planning. Drive by this lovely yard (shown below) for some gardening inspiration.

Gaines Creek Park Update

By Frank Krystopher

Thanks to many resident friends of the park for donations of over 100 plants. A 420 square foot park bed was created and completed with 56 volunteer hours. Monthly upkeep of the park bed will continue throughout the summer as other park projects get underway. Spring seasons will be especially colorful with many native and adapted plants in bloom. If you would like to volunteer, please email bluesky2u@austin.rr.com. We need someone with a chainsaw to cut out dead wood in the creek bed.

Grounds Committee Discussed details about Bonnie's Place tribute site. March Grounds budget invoices did not match expenditures, this is a continuing observation; investigating why TC was assessed a late payment charge by Roving Gardener; most March expenses were related to tree care (trimming, ball moss removal). Potential new member

attended, welcome to David Welch. AMD invited Board members to attend a site field trip. Suggested topics to discuss with AMD include SW Parkway beautification, adopt-a-highway trash pick-up, trails network; need to investigate safety issues for clean-ups along SW Pkwy. Investigating sprinkler system schedule; seems to run too often and too long. Investigating planting vines and making signs for habitat (dead) trees in BV. Developing plans for fall wildflower planting. Recommend the Board establish an Oak Wilt Fund to which funds are contributed to on annual basis. Need to evaluate proper uses of cages around planted trees and establish a routine landscape/greenbelt inspection procedure. Entryway planting is finally underway. Dennis Jistel will work with Aquatic Features on pond maintenance.

Specifically, the committee is seeking an Assistant Editor and a photographer from among the student population. Newsletter deadlines were reviewed and will be more strictly enforced. Production schedules for the newsletter may be altered for high volume news editions to allow more time. Primary responsibility for newsletter distribution will now be handled by Pat and Larry Goodman. Website maintenance was briefly discussed. A variety of tasks were identified and many reallocated to current committee members; some were identified as office staff maintenance duties. The CC will be meeting soon to continue review of website issues.
